

Trusted guidance to chart the best course for each child's success

IN-SCHOOL

PSYCHIATRIC EVALUATIONS

trusted professionals, on-site, ready to help

CCGC's psychiatrists and licensed clinicians provide high-quality, timely psychiatric evaluations directly in schools or at our Manchester campus.

WHAT WE OFFER

- ✓ Clinical interview with caregivers
- ✓ Optional consultation with school/family
- ✓ Classroom observation (if applicable)
- ✓ Diagnostic impressions & medication review
- ✓ Record review (school, medical, behavioral health)
- ✓ Comprehensive written report with recommendations

KEY BENEFITS

Our program offers timely reports within about 15 business days, with flexible options for evaluations conducted on-site in schools or at CCGC's structured, quiet campus. Each assessment provides clear, school-focused recommendations tailored to IEP and PPT needs, while also centering family input and support.

Backed by more than 60 years of trusted expertise in child and family mental health, CCGC delivers evaluations that are both thorough and practical.

Rising mental health needs and staffing shortages have left schools and families facing long waitlists for evaluations.

Our program provides quicker access, clear school-focused reports, and coordinated care so students receive support without delay.
